Falah Muhammed Fazal

Kozhikode, Kerala

+91 9745395448 | falahfazal10@gmail.com

Enthusiastic candidate with a foundational understanding of data analysis, eager to transition into software engineering. Demonstrates a strong interest in technology and software development, with a commitment to learning and applying programming skills. Motivated to contribute to innovative projects in the field of software engineering.

WORK EXPERIENCE

Unilar Intl Co - Data Analyst Intern – Dashboard & Reporting

May 2026 - Jul 2026 Kozhikode Kerala

- Completed a one-month internship focused on Power BI reporting and data visualization for logistics-related data.
- Gained exposure to dashboard creation, data cleaning, KPI tracking, and business reporting workflows.
- Learned how analytics supports operations and management decision-making in a logistics environment.
- Improved skills in data interpretation, visual reporting, problem-solving, and business insight presentation.

SKILLS

Programming: C++, Java, Python, C, JavaScript

Tools: Git, GitHub, VS Code

Web: React, Next.js, HTML, CSS

PROJECTS

MSA Certificate Automation Jun 2026 - Present

Built an automation project to simplify certificate generation for MSA events and participants. Practiced structured input handling, repetitive task automation, and output generation.

MSA Website Jan 2026 - Present

Developed a website for the Microsoft Student Ambassadors community at LBS College of Engineering. Worked on frontend structure, responsive layout, UI design, GitHub version control, and online deployment.

LifeLoop AI - AI-Assisted Post-Surgery Assistant Feb 2026 - Feb 2026

Created an AI-assisted project concept focused on post-surgery support, recovery reminders, and basic patient guidance. Explored user-focused design, accessibility, and practical use of AI tools in healthcare support.

EDUCATION

LBS College of Engineering, Kasaragod Kasaragod

B.Tech - Information Technology - GPA: 6.58 Aug 2025 - Present

- Semester: S3

LEARNING FOCUS

Data Structures and Algorithms, Web Development, Automation, Data Visualization, AI-assisted development

INTERESTS

Software development, Analytics dashboards, AI tools, Problem solving, Student tech projects
